A tribute to those

an extraordinary
passion for your work
- to those who make
a difference

1000 DIFFERENT JOBS - ONE COMMON GOAL

Regardless of your job title or duties, the goal is often the same. It's about doing high-quality work and making a difference. Attention to detail and passion for the work you do. Seeing quality as more than just duty, but rather as the driving force behind everything you do.

MAKING A DIFFERENCE FOR OTHER PEOPLE

Mikkel, 30 years old
surgical nurse

“As a surgical nurse, quality is natural part of my work. There is a huge focus on the quality of the work I do alongside my colleagues. The equipment we use must be in order – it makes all the difference for our patients.

Regardless of our job titles or duties, quality matters to all of us. It’s not just about the work we do, but also the equipment and clothing we use. Quality has become our passion, and it binds us together. A hidden community that unites us.”

Quality matters to all of us. It’s not just about the work we do, but also the equipment and clothing we use.

PHYSIOTHERAPIST

EVA RECOMMENDS

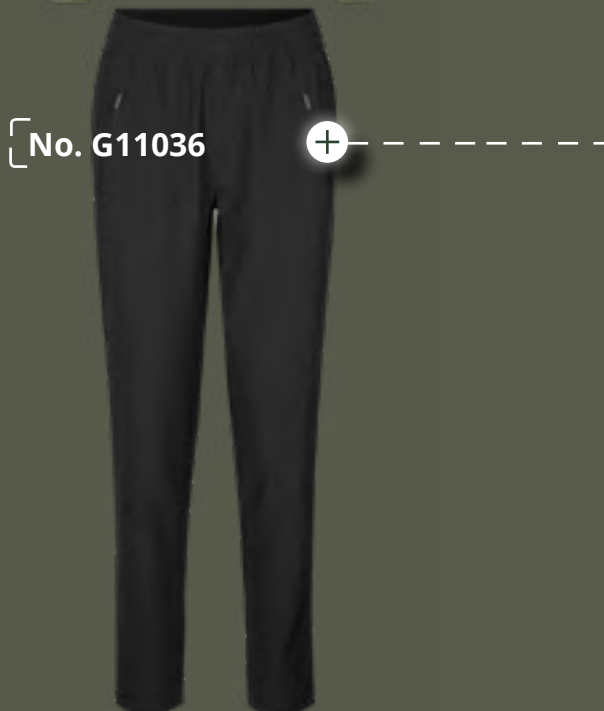

"In my job, it is important to wear clothes that aren't too tight or that don't impede me when I move. If I'm unable to perform the same movements as the residents, it impedes my work."

A FOCUS
ON
NATURE

MATHIAS, AGE 24
WOODCUTTER

"My work gives me great satisfaction in being able to do a good job for both private and public customers. What I really love is getting out into all kinds of weather and seeing how nature changes day by day."

FLEECE

MATHIAS RECOMMENDS

"The clothes and equipment Mathias wears as a woodcutter must be both comfortable and durable. Mathias needs to be able to move freely, and it's important that the equipment doesn't impede his movements when he's high up in a treetop."

PASSION FOR AIRCRAFTS & MECHANICS

MORTEN, AGE 60 AIRCRAFT CLEANER

“The two Sea Twin Otter seaplanes we fly are from 1978, so we take care of them as if they were our own children. They are made from aluminium and that’s why they require extra care after spending 14 hours in salt water. They are washed down, lubricated and washed literally everywhere - it’s all about avoiding rust and maintaining safety.”

OUTERWEAR

MORTEN RECOMMENDS

"The clothes and equipment Morten wears as an aircraft cleaner must be flexible, warm and comfortable. Morten cleans the planes both day and night - in all kinds of weather."

TROUSERS

TIM RECOMMENDS

"Clothes should be of good quality, durable, and comfortable to wear. I typically wear my clothes all day and get into many different work situations. It's important that they let me breathe, and that there are pockets with space for my tools."

"I like going to school and spending time with my classmates. I can often spend time with my friends in my spare time. Sometimes, we get together to play videogames, and two times a week I play football at the local football club. In the basement, I have a drum kit, so I practice my drumming skills every once in a while."

DELIVERY ON TIME

LASSE, AGE 30 DRIVER

"I have always liked going on trips; right from when I was a child, I used to ride my bicycle a lot. When I got older and had a moped, it also led to many trips. Later, the moped was replaced by a car. Getting out and seeing different things has always fascinated me."

ACCESSORIES

LASSE RECOMMENDS

"On my usual workdays, I move around a lot, so my clothes need to be durable and have a snug fit so I stay warm. The quality has to be good, and the clothes need to be able to withstand frequent washings, since my work entails many different delivery locations where my clothes easily get dirty."
